

New and Unique The colored bumper ring

Visible. Protected. In corporate design.

The tried-and-true bumper rings from LRS are now available in more than just black - but also in yellow and blue.

That's how you protect your guest pagers against impact and usement – simultaneously you increase visibility in daily use.

Whether for clear color orientation or for better Recognizability in operation or for perfect Customization to your corporate design: The new color options make your pagers a unmistakable component Your brand presence.
