

Efficient kiosk integration of pager and tracker

Seamless connection of service and technology

The Pager and Table Tracker from Long Range Systems have been used reliable for years and are being integrated perfectly into kiosk ordering systems.

The devices will be attached directly to the kiosk via a robust charging bracket, ensuring stable operations and the highest level of user convenience.

Your benefits at a glance

- ✓ Easy integration into kiosk systems
- ✓ Professional placement with our partners
- ✓ Reliable devices – successfully in use for years
- ✓ Optimized processes for shorter waiting times and satisfied guests
- ✓ With our devices and the UHF frequency, we ensure the continuous safety of your operations
